	<i>For a quote, please contact Mila Markovic at 905-257-3351 or email at mmarkovic@bestdoctors.com</i>

## Services

Members will have access to a Best Doctors Personal Advocate for any one of the Services.

The Personal Advocates are responsible for liaising with the doctors who are reviewing the member's case, keeping the member informed of the progress and providing them guidance in their time of need.

### INTERCONSULTATION™

An in-depth review of the member's medical files to assist in the development and confirmation of the diagnosis and to help develop a treatment plan. Members and their physicians will have access to the latest technologies and opinions of world-class specialists. With a fast and detailed turnaround of results, the InterConsultation process can reduce potentially serious complications that can result from a misdiagnosis and help the member's treating physician determine the proper course of action.

### FINDBESTDOC™

A customized search across a constantly updated global database of over 50,000 specialists who are best qualified to meet the member's specific medical needs. Members will have access to a Personal Advocate, who will work with physicians affiliated with the world's leading medical institutions, to help explain their options and determine the best care provider for the member's specific condition.

### FINDBESTCARE®

While the member is receiving medical care, Best Doctors will review the necessary information provided by the medical specialists involved and will continually monitor the treatment process to help ensure the member's medical priorities are met.

If the member travels away from home to receive treatment, Best Doctors will assist with reservations and accommodations for the member and family. This can help reduce the stress of receiving the care the member needs while away from home.

<sup>1</sup> If the member is diagnosed with any of the listed Medical Condition(s) during the twenty-four (24) months prior to the effective date of the Best Doctors Group Service Card, Services will not be provided for the same Medical Condition(s) for twelve months following the effective date of the Card. (Not applicable to groups with over 50 certificate holders).
